

POSIFY PARTNERSHIP PROGRAMS

PARTNER WITH US TO HELP BRIDGE THE GAP BETWEEN EDUCATION AND EMPLOYMENT, TURNING YOUNG BRIGHT MINDS INTO FUTURE TALENT.

21st Century Work Transitions : A Changing Landscape

Our young people are facing tough times during their transition from school to work. According to the latest reports by the Foundation for Young Australians, the average time it takes to transition from full time education to full time employment is 4.7 years and it takes 2.7 years for our young people to secure any type of work. As a result, Australia is currently facing the greatest under-utilisation of youth under 25 in history. Further, anxiety amongst our youth and their families about the new work order is increasing amongst predictions that up to 70% of traditional jobs for youth will be replaced by automation, not to mention that all this change is set against a background of rapid political, social and environmental upheaval. But our young people are up for the challenge. They are asking for knowledge, skills, and support to drive their impact and make a change. They are driven by purpose. And the world's leading organisations know that and are embracing it.

“The message is clear: young workers are eager for business leaders to be proactive about making a positive impact in society - and to be responsive to employees’ needs”

- 2018 Deloitte Millennial Survey

According to a 2017 report by Gallup, purpose-driven companies are outperforming their non purpose-driven competitors in the marketplace, driving what some call the ‘purpose economy’, or the ‘purpose revolution’.

The Posify Group are working to close the gap between education and employment by connecting people to their purpose. Drawing on the latest findings from positive psychology, 21st century career theories, and design thinking methodology, we’ve developed an immersive career program that sets youth up with knowledge and skills to build their most meaningful careers and lives. And you can help us reach our audacious goal to make it reach every high school and University in Australia!

Partnership Options

Posify Partners in Kind : Become an Impact Influencer!

We're building a community of Impact Influencers to inspire the youngest members of The Posify Group. Impact Influencers are people from all around the world who have made a conscious decision to make a positive impact and incorporate their purpose through their personal lives and work. They generously share their insights on how to live a meaningful life by contributing to our social media pages, providing testimonials for purpose-driven living, sharing our mission with their networks, and providing video interviews for the Purpose Passport Program.

With as little as one email or message, you can posify our youth with your impact!

Paid Partnerships : Posify your organisation.

If you and your organisation want to join us in shaping meaningful lives and careers for our youth, you can partner with Posify by booking a workplace workshop or sponsoring a school to receive the Purpose Passport Program by becoming a Posify Patron.

Posify your staff with our workplace workshops

Our unique approach to workplace wellbeing features a combination of professional learning for staff and access to our Impact Influencer community, so your staff can stay connected to purpose and turn their insights into action by making a valuable contribution to the next generation. In addition, for every workshop you book at your organisation, we'll gift the online Purpose Passport Program to a school year group! Contact us to learn more about our range of workplace workshops.

Unlike other workplace wellbeing providers, we don't say goodbye once our facilitator leaves. The door to The Posify Group is always open, and we welcome your ongoing contribution in our community that believes in building meaningful lives. Your staff have the opportunity to turn their insights on the value of purpose and meaning into action, by contributing their skills, strengths and values as Impact Influencers for the Purpose Passport Program. Our big, hairy, audacious goal is to connect young people to big hearts around the world, so they can be inspired to craft their own meaningful lives and careers.

Become a Posify Patron

Want to join us in ensuring every child has access to the science and skills that help build meaningful lives and careers? Your financial contribution will enable young people within Australia to access our Purpose Passport Program, or fund important research to measure the program's impact. Posify Patron packages start from \$2000. To make sure you can share your impact with your organisation's community, you'll be connected to the school's Purpose Passport Champion who will assist us in providing you with a summary of the student journeys. Who knows. One of these bright young minds might just be your organisation's future talent!

Keen to partner? Let's chat.
