

THE POSIFY ACADEMY

A FUTURE WORLD AND WORK READINESS JOURNEY FOR YOUTH

An innovative, digital platform, closing the gap between education and industry

Australia's first evidence-informed and curriculum-aligned combined wellbeing and career development program for upper primary and early high school students, co-designed and tested by our psychologists and educators with industry and youth!

Student-led, modular-based learning

Building human capacity and capabilities

Students move through personal and professional development activities that develop and foster:

A rapidly evolving world requires future skills, mindsets, and a sense of purpose

Students choose their own path across modules based on the science of meaningful work and living

My Heart

Developing strengths, values, empathy and positive relationships

My Story

Building confident and positive identity of self in relationship to others

My Impact

Taking meaningful action towards purpose-oriented goals

Meaningful Outcomes

Students graduate the program by completing their Posify Portfolio, a body of work that helps them track their development, and set meaningful goals as they design a life of impact!

Founding School Offer!

Apply to be one of 10 schools contributing to Term 4 beta testing and we'll halve the cost of your 2022 subscription, bringing it to...

\$5 per student!

capped at \$750/yr group
