

MAGIC WAND

If you could make a change for good, what would it be?

Imagine you had a magic wand, and had three wishes to spend, so you could change your school, community and world for the better.

What would you wish for? And what change would everyone notice once your wishes came true? Write or draw your big ideas for the change you want to see in the spaces below.

Wish for my school

Wish for my community

Wish for the world
